

## A SUCCESSFUL 2015

- 88 adults have enrolled in English classes or are working one on one with a volunteer English tutor.
- 45 children's reading skills have been enhanced through our Read to Succeed programs in West Bend and Hartford.
- Over 200 Hispanic residents have participated in and benefited from our Latino Healthy Lifestyle Choices Project and our 40 various health screenings, seminars and activities.
- 30 Hispanic West Bend High School students and their parents are participating in our brand new Dream to Succeed program.
- 43 Hispanic and non-Hispanic children took part in our Summer Spanish Camps this summer.
- 35 Hispanic children participated in our Summer Reading Programs in Hartford and West Bend.
- We've recruited over 60 new volunteers.
- We've assisted 3 individuals in the studying and preparation to become a U.S. citizen.
- The amount of hours the volunteers have put in this year is equivalent to Casa receiving \$61,992.58 (in kind donation value).
- We hosted our 3rd annual event and fundraiser "Fiesta Latina" in West Bend, which brought together more than 800 people from our diverse community as we celebrated Latin American culture. Save the date for our 4th annual event on May 22, 2016!

## IN THE LAST YEAR:

We continued to provide our significant literacy programs and served as a community resource:

Our Hispanic adult education initiative provides educational skills and language training to Hispanic individuals, focusing on workforce development and everyday living topics. We held 2 **adult English classes** at our facility in West Bend and 2 classes at United Way Resource Center in Hartford during both the Winter/Spring and Fall semesters. Individuals who cannot attend our classes are paired with qualified volunteer English tutors that work with them one on one or in small groups.

Our adult literacy initiative also includes **Community Bridge Building Seminars** that help connect Hispanics with resources in their community and

educate on a variety of topics including financial literacy, workers' rights, and family communication. We also provided various **basic computation classes**.

Our Hispanic child education initiative encourages increased English reading skills and promotes the importance of education and learning. During the 2014-2015 school year, we successfully continued our after school program, **Read to Succeed**, at Green Tree Elementary in West Bend and at the United Way Resource Center in Hartford.

During the 2015-2016 school year we piloted a new program, **Dream to Succeed**, for West Bend High School Latino students and their parents. Our goals are to emphasize high school graduation, help them identify multiple career opportunities, personal academic strengths, and sources of financial support for post secondary education opportunities.

Our ongoing health literacy initiative, the **Latino Healthy Lifestyle Choices Project**, aims to empower Spanish speaking families to make better lifestyle choices in the areas of nutrition, exercise and management of chronic health conditions. We provided over 40 different health seminars, screenings and activities, collaborated with many health and wellness entities, and distributed over 800 Spanish language newsletters to community members.
