

IN THE LAST YEAR

We continued to make a difference through our literacy programs and served as a community resource:

Our Hispanic adult education initiative provides educational skills and language training to Hispanic individuals, focusing on workforce development and everyday living topics. We held 2 **adult English classes** at our facility in West Bend and 2 classes at United Way Resource Center in Hartford during both the Winter/Spring and Fall semesters. We have strengthened a collaboration with Quad in Hartford and, starting in Fall, now offer English and Spanish classes on site at their office. Individuals who cannot attend our classes are paired with qualified volunteer English tutors that work with them one on one or in small groups.

Our adult literacy initiative also includes **Community Bridge Building Seminars** that help connect Hispanics with resources in their community, local nonprofit organizations, and educate on a variety of topics including social media and internet safety for children and protecting oneself from identity theft.

We started offering **Spanish classes** for adults in the community! We've offered four 8-week sessions so far, and there continues to be a waiting list for future classes in 2020!

Our Hispanic child education initiative encourages increased English reading skills and promotes the importance of education and learning. Our after school program, **Read to Succeed**, serves children in three locations - Green Tree and McLane Elementary Schools in West Bend and the United Way Resource Center in Hartford. School district test data shows that 70% of our students met or exceeded their grade reading level.

During the 2018-2019 school year we continued the **"Dream to Succeed" Latino High School College, Career, and Life Readiness Program** for 92 students who attend West Bend East & West High Schools, Kewaskum High School and Hartford Union High School - a **40% growth** since the last school year! Our goals are to emphasize the importance of high school graduation, help students identify academic strengths and multiple career opportunities, sources of financial support for post-secondary education opportunities, and learn critical soft skills for the workplace. For the 2019-2020 school year, we are establishing a **scholarship fund** for eligible students who qualify, and a **Volunteer Mentor Program** component, to connect Latino High School students with adult volunteer Community Professionals who share similar career interests.

Our ongoing health literacy initiative, **"Healthy Latinos, Healthy Futures"**, aims to empower Spanish speaking families to make better lifestyle choices in the areas of nutrition, exercise and prevention & management of chronic health conditions. Our bilingual Community Health Navigator has helped expand our health program offerings, strengthen relationships with health and wellness collaborators and further our outreach in the Hispanic community! We provided a variety of different health seminars, screenings and activities, including biometric/blood screenings to determine participants' A1c blood sugar and cholesterol levels, a "Family Healthy Habits" program, Healthy for Life nutrition program, Zumba and yoga classes with qualified YMCA instructors, a vision screening program with Prevent Blindness Wisconsin, and the Living Healthy with Diabetes and Living Healthy with Chronic Conditions programs.

A SUCCESSFUL 2019

- 81 adults have enrolled in English classes or are working one on one with a volunteer English tutor.
- 36 adults have enrolled in our newly offered Spanish classes.
- 40 children's reading skills have been enhanced through our Read to Succeed programs in West Bend and Hartford during the 2018-2019 school year.
- Over 200 Hispanic residents have participated in and benefited from our "Healthy Latinos, Healthy Futures" project and our various health screenings, seminars, and activities.
- 106 Hispanic adults attended health screenings which revealed if they were diabetic or pre-diabetic, and specific health programming was offered for those who qualified.
- 92 Hispanic high school students from West Bend, Kewaskum and Hartford and their parents participated in our Dream to Succeed program during the 2018-2019 school year.
- 59 Hispanic and non-Hispanic children took part in our Summer Spanish Camps this summer.
- 18 Hispanic children participated in our Summer Reading Program in collaboration with 4-H and Extension Washington County.
- We've recruited over 70 new volunteers.
- We've assisted 3 individuals in the studying and preparation to become a U.S. citizen.
- The amount of hours the volunteers have put in this year is equivalent to Casa receiving \$107,559.99 (in kind donation value).
- We hosted our 7th annual event and fundraiser "Fiesta Latina" in West Bend, which brought together our diverse community as we celebrated Latin American culture. Save the date for our 8th annual event on Saturday, May 16, 2020!
